Wolfman's Special: Hamsteak on Wonder Bread made to order, topped with greens and black-eyed ketchup! Heeeeeeyyyyyyy!

The Pink Lady: Hamsteak on wheat bread smothered in black-eyed ketchup 'till it's nice and pink! Dainty!

The T-Bird: Luscious T-Bone Steak on toasted Wonder Bread topped with greens, black-eyed ketchup and mashed sweet potatoes. Two tablespoons of horseradish give this sammich a kick like a vintage motorbike!

Elvis Has Left the Building: The king is back...in sammich form! But there's a twist. Wolfman isn't satisfied with simply toasting this peanut butter and banana sammich, NO! This is deep fried for 15 minutes to give it extra crunch! Wolfman's special mayonnaise sauce finishes off this delicious delicacy! The King is dead! Long live the King!

Sammich Without a Cause: Your stomach will rebel against authority when you take one bite of this unruly bad-boy! A fried chicken drumstick nestled in a hot-dog bun smothered in beef gravy and ketchup. A single sweet potato fry gives this troublemaker the soul of a lost child. Lock up your daughters!

The Stingray: This simple catfish sammich doesn't seem -- at first -- to live up to its name. But Wolfman has one special surprise. he's left the stinging whiskers ON! A quarter cup of mayo finishes off this shocking dish!

Wolfman Burger: Mostly beef served on a bun! Just like at a fancy restaurant! Topped with greens, ketchup, mayo sauce and your choice of American processed cheese! Yum! Just say "Rock and Roll Will Never Die" to add Chittler-rings!

Fried Chicken Burger: Wolfman has fit an entire fried chicken between two slices of wonder bread. How does he do it? With a blender, that's how. He's also thrown a couple Chittler-rings in for good measure! It's a whole meal on one enticing sammich!

Belly of the Beast: A full two miles of chitlins wound onto an open-faced sammich, smothered in brown sauce and garnished with deep fried collard greens!

Drive-In Special: Drive-ins were invented for people on the go, and you'll go when you take one bite of this super sammich! A generous scoop of lard, melted and sopped up with bread. It's then placed between two other pieces of bread and topped with Wolfman's special mayo sauce! GO!

HUAC sammich: There's nothing un-American about this sammich! White bread, blue cheese and ketchup make this sammich one thing that McCarthy himself would have yielded the floor to!

The Super 50s Special: A super combo of 50 separate items make this sammich a mouthful! Too many to list here, you'll be surprised at just how much two slices of bread can hold! You'll feel like it's the 50s all over again...for the next three days!

Don't forget to 50s size your meal for just just \$50!
That's 5 extra fries and 5 extra ounces of soda!
